## New Region Two Office

June 1, 1992 was the first day of operation in this facility for about 20 Washington Department of Wildlife Region Two staff members serving Adams, Douglas, Franklin, Grant, and Okanogan counties.

This 4,000 square foot building more than doubles the space used by regional staff for the past 31 years. The old warehouse across the parking lot will continue to be used for equipment and supply storage.

At a cost of about \$382,000, this project was made possible by a \$2,022,100 appropriation by the 1990 Legislature for construction of new WDW offices in all three eastside regions and a shared office with Department of Fisheries in Aberdeen.

This building is WDW's first new regional office to be built in more than 25 years.

### OTHER FACTS

- Design: 3E Design Group P.S., Spokane
- General Contractor: Dennis Abraham, Moses Lake
- Ground Breaking: June, 1991
- Completion: April, 1992
- Space: 4,000 square feet total, including 10 flexible-space work stations, seven staff offices, support services work area, public reception area with meeting room, and staff conference and break rooms.
- Energy System: Forced air electrical heating/cooling with six heat pumps for energy efficiency.
